

# COVID-19

## WORKPLACE RECOMMENDATIONS FOR BEER DISTRIBUTORS

- ☑ **Have your salespeople communicate often with their retailers.** Be willing to accommodate legal retailer requests such as not stocking or merchandising products if they are uncomfortable having non-employees in their stores.
- ☑ **Be extra careful inviting guests and visitors** to your warehouse or offering up the use of any community space at your facility to outside groups.
- ☑ **Work together with your local public health agencies, state association and fellow beer distributors** to determine what's best for your market and community.

### DO

- ☑ **Avoid shaking hands and close physical interactions** with colleagues, clients and consumers.
- ☑ **Be aware of your surroundings and frequently touched items** such as doorknobs, cooler doors, tap handles and kegs.

### DON'T

- ☒ **Host on-premise promotions** that encourage large gatherings of people.
- ☒ **Host consumer tastings** in the marketplace.

### REMEMBER TO

Wash your hands

Avoid close contact

Disinfect surfaces

Stay home if you're sick
