

NBWA SAFETY TRAINING VIDEO
SAFE BACKING

Name: _____

Date: _____

Please either circle correct answer or complete the sentence.

1. Always do a complete _____ of the vehicle before getting in to become acquainted with when and where you'll be backing.
2. If you have a _____, use them.
3. If you are backing:
 - a. Turn on your flashers
 - b. Turn off your radio and roll down your window
 - c. Make sure your mirrors are adjusted correctly and that they are clean
 - d. all of the above
4. Remember that it could take _____ feet for the trailer to change direction after you turn the steering wheel. You must allow for reaction time of the trailer.
 - a. 2-4 feet
 - b. 4-6 feet
 - c. 6-8 feet
 - d. None
5. Start the backing movement as _____ to the target as possible. This reduces the distance your vehicle will have to travel in reverse.
6. Back _____. This helps you maintain control of your vehicle, ensures correct distance judging, and prevents damage from backing too fast.
7. Do not jack your truck more than a _____ degree angle.
8. To be sure you are correctly judging distance to the rear, stop about _____ of the way, set the brake, get out and take another look before continuing.
9. Always remember the GOAL (which means _____) if you are not sure of where you are in relation to what you could possibly hit.
