In support of our community during the COVID-19 pandemic, Wilsbach Distributors, Inc. has donated over 7,000 cans and bottles of non-alcoholic water and energy drinks to more than 5 local hospitals, The Salvation Army, and the Central PA Food Bank. Additionally, on April 22, Wilsbach employees volunteered at the Central PA Food Bank to pack Crisis Response Boxes to support people throughout the Food Bank’s 22-county footprint. Moreover, a team of Wilsbach employees will be returning to volunteer again on May 13.

We appreciate the opportunity to serve our community during these unprecedented times, and we hope that our products and services have provided a sense of comfort and joy to consumers during these challenging times.
